4. Recognition of best practices performed by the dentists and other health care providers in your health facilities.

Further, our stance during the conduct of activities such as dental mission and dental outreach still remains regardless of any community quarantine classification and alert level system, it must be done in a health facility, where infection prevention and control (IPC) can be strictly followed. Should you wish to conduct a dental mission and dental outreach, be reminded of the following non-negotiable protocols, following the ***"National Standards in Infection Prevention and Control for Health Facilities"*** and **Administrative Order 2022-0051** ***"Revised National Policy on Infection Prevention and Control in All Public and Private Health Facilities"***.

Furthermore, pursuant to Republic Act no. 11223, also known as the "Universal Healthcare Act" and its Implementing Rules and Regulations, we encourage everybody the use of issued **Administrative Order 2022-0018** ***"Development and Utilization of the Omnibus Health Guidelines per Lifestage"***, that will serve as the overarching policy issuance integrating key policy provisions governing various health programs and integrating standards of care for various life stages, using the life course approach.

MEMORANDUM NO. 2022-0028

TO	:	All Chapters/Affiliates/Integrated Organization Presidents, and Partners in the Dental Health Industry
FROM	:	**OFFICE OF THE PRESIDENT**
DATE	:	April 28, 2023
SUBJECT	:	**MORATORIUM ON DENTAL OUTREACH/DENTAL MISSION V 3.0**

Greetings!

Last April 24, 2023, the Inter-Agency Task Force for the Management of Emerging Infectious Diseases (IATF) raised the alert level in NCR and other provinces from April 24 to April 30, 2023.

This is **to reiterate** to all Dental Chapters, Affiliates, and our Partners in the Dental Health Industry that, in accordance with Department of Health Memorandum 2023 dated January 23, 2023, ***the suspension on dental outreach activities and/or dental missions is still in effect*** regardless of any community quarantine classification or alert level system, any informal provision of secondary and tertiary dental treatments is ***still prohibited.***

All concerned parties are *urged to concentrate on oral health promotion, support the provision of primary (preventive) dental services, and strengthen formal dental treatment centers in their respective communities*. Our top priority is to ensure the overall health of our dental professionals, staff, and patients, thus doing such activities should be done where ****infection prevention and control is strictly followed to provide safe and quality dental care***.

***Kindly refer to the following guidelines in implementing your dental activities:**

1. PDA Public Health Committee Guidelines for the implementation of the Community Based "Dental Home" Program
2. National Standards in Infection Prevention and Control for Health Facilities
3. Revised National Policy on Infection Prevention and Control in All Public and Private Health Facilities (Administrative Order 2022-0051)

The Philippine Dental Association continuously look into creative and sustainable approaches in engaging with and supporting our communities, particularly the vulnerable groups that the pandemic has prevented from receiving adequate oral health care.

Your heart for service is duly recognized and appreciated. The PDA will always continue to promote and work for the country's oral health improvement. We call on your continued support and understanding in this advocacy. Thank you very much.

Attached herewith is the copy of the Department of Health Memorandum for your perusal.

Very truly yours,

DR. CHERYL Y. DEL ROSARIO
President
Philippine Dental Association, Inc.

Republic of the Philippines
Department of Health
OFFICE OF THE SECRETARY

January 23, 2023

DEPARTMENT MEMORANDUM
No. 2023- 0047

FOR: **ALL UNDERSECRETARIES AND ASSISTANT SECRETARIES, DIRECTORS OF CENTRAL OFFICE BUREAUS AND CENTERS FOR HEALTH DEVELOPMENT, MINISTER OF HEALTH - BANGSAMORO AUTONOMOUS REGION IN MUSLIM MINDANAO, EXECUTIVE DIRECTORS OF SPECIALTY HOSPITALS, CHIEFS OF HOSPITALS, MEDICAL CENTERS AND SANITARIA, HEALTH FACILITIES AND ALL OTHERS CONCERNED**

SUBJECT: **February 2023 National Oral Health Month Celebration**

Pursuant to **Presidential Proclamation No. 559** declaring the month of February every year as the **National Oral Health Month (NOHM)**, the adopted theme for this year's celebration will be, ***"Ibigin ang Bibig! Sa bibig na malusog at alaga, masustansyang pagkain enjoy hanggang pagtanda."*** The month-long observance brings together thousands of dedicated dental professionals, health providers and educators to promote the benefits of good oral health.

The NOHM theme inculcates three things during the conduct of celebration namely:

1. Remind the public that oral health is fundamental to overall health.
2. Oral health care prevention is important across all life stages.
3. Emphasize that oral health pertains to the health of the whole mouth and not just the teeth.

Relative to this, the following may be used by the offices and health facilities for the National Oral Health Month Celebration 2023:

1. Promotional materials for the National Oral Health Month Celebration.
   Link: https://bit.ly/OralHealthMonth2023
2. Utilization of the #OralHealthMonth2023 in all social media posts related to the National Oral Health Month Celebration 2023.
3. All concerned offices and health facilities are encouraged to come up with their own programs and activities that shall exhibit oral health promotion on practices and correct eating habits starting from infancy to elderly.
